

Greg Beck, Assistant Executive Director

As the Assistant Executive Director, I am responsible for helping the Executive Director administer the retirement system. I also oversee a great staff of two benefit specialists and four payroll and reporting section employees that provide the customer service to our members. My first day at my new position was April 4, 2016. Prior to joining MPERS, I was the Chief Auditor at the Missouri State Employees' Retirement System for 15 years. This experience provided me with insight into all aspects of a public pension system from investments, to information technology, to member records and everything in between.

In my new role, I plan on leveraging my experience in internal controls and risk management to ensure MPERS continues to be a very well-controlled public pension plan that provides retirement security and excellent customer service to our active and retired members.

Prior to joining MOSERS, I was the Manager of Financial Management and Policy for the Missouri Department of Health and Senior Services and prior to that I spent almost three years in the capitol as a Program Evaluator for the Missouri General Assembly. I started my career in state government in 1988, as an audit assistant in the Missouri State Auditor's Office.

In May of 1988, I received my degree in business administration from the University of Central Missouri. Throughout the years I obtained several professional certifications such as the Certified Internal Auditor, Certified Public Accountant, Certified Information Systems Auditor, Certified Investments and Derivatives Auditor, Certified Fraud Examiner, and Certified Government Financial Manager. I am a member of the Institute of Internal Auditors, the American Institute of Certified Public Accountants, the Missouri Society of CPAs, the Association of Certified Fraud Examiners, and the Information Systems Audit and Control Association. I was the president of the Association of Public Pension Fund Auditors as well as the past president, vice-president, and treasurer of the Central Missouri chapter of the Institute for Internal Auditors (IIA).

My wife Andrea and I reside in rural Cole County Missouri.
