

Leigh Love
Account Technician III

Hello, my name is Leigh Love. I am an Account Technician III for your Retirement System. I have been with MPERS since 2008. Prior to working for MPERS I worked at Private Industry Council and Conservation Federation of Missouri in accounting positions. When I first came to MPERS I was the Office Assistant, but moved to the Payroll Section as soon as I could!

My duties are to process new retiree paperwork, deduction forms and direct deposit authorization forms. I also help with retirement seminars, assist members with Secure Member Access on our website and update our social media through Facebook and Twitter. Some other duties I perform are process staff payroll, run monthly and yearly reports, and help our Chief Financial Officer.

I really enjoy working for MPERS! It makes me happy to help our members feel secure about their retirement benefit. I appreciate their years of service to our great state. I can't wait to become a "retiree" myself!
