

We work better, when we work together...

April 2018

For HR/Benefits use only – Please do not distribute to all users

Active Member Benefit Statements

Benefit Statements have been distributed to active employees. If the member had "email" set up as their correspondence distribution preference or if we have a work email address on file, the member was advised via email that their *Benefit Statement* was available for viewing via their *myMPERS* Secure Member Access. All other eligible employees will receive their *Benefit Statement* in the mail.

Benefit Statements are based on members' records & balances **as of February 28, 2018**. Please note that employees will only receive a *Benefit Statement* if they meet the following criteria:

1. Currently employed in a benefit eligible position
2. Been employed for longer than 3 months
3. Not on a leave of absence
4. Has not already submitted their *Notice of Retirement*

Our staff is available to answer any questions employees may have Monday – Friday, 7:30 am to 4:30 pm.

Vesting Changes for 2011 Tier

We are happy to announce that our systems have been updated to reflect changes to vesting and retirement eligibility for 2011 Tier members based on laws that went into effect January 1, 2018. If you have a 2011 Tier member who reviews their records, and doesn't think their information is accurate, please have them contact our benefit specialists directly so that they can review and confirm their information.

Brochures have been updated to reflect changes to vesting/eligibility for the 2011 Tier. Handbooks are currently being worked on to incorporate these, and other updates.
