This brochure is intended for vested members who work in a “benefit eligible” position, and leave state employment prior to becoming eligible for retirement.
Members of MPERS participate in one of the following three retirement plans. To understand when you will be eligible to start receiving retirement benefits and how your benefit will be calculated, you must know which plan you participate in.

Don’t know which plan you’re in? Below is a general description of membership in each plan. Plan information is also available: 1) on your annual benefit statement, 2) by logging in to the Secure Member Access portion of MPERS’ website, or 3) by contacting a MPERS benefit specialist or your human resource representative.

### Closed Plan
**Effective September 1,1955**  
(non-contributory)

- An active member of the Closed Plan (actively employed in a benefit eligible position).
- A terminated-vested member of the Closed Plan (eligible for future retirement benefits under the Closed Plan, but no longer working for the state).
- Receiving disability benefits through MPERS’ disability plan.
- On a valid leave of absence.

### Year 2000 Plan
**Effective July 1, 2000**  
(non-contributory)

The Year 2000 Plan became effective July 1, 2000. You are a true member of the Year 2000 Plan if one of the following categories describes your employment status on or after July 1, 2000:

- You were hired for the first time in a benefit eligible position.
- You were hired for the first time in a benefit eligible position on or after July 1, 2000.
- You were a Closed Plan member who left state employment prior to becoming vested (not eligible for a future retirement benefit) and returned to work in a benefit eligible position on or after July 1, 2000.

### 2011 Tier
**Effective January 1, 2011**  
(contributory)

You are a member of the 2011 Tier if you:

- Were hired for the first time in a benefit eligible position on or after January 1, 2011.
- Never worked in a position covered by MPERS or MOSERS prior to January 1, 2011.

To earn interest on your 2011 Tier employee contributions, you must be vested or actively working in a benefit eligible position on the last working day of June.

Closed Plan members may elect the Year 2000 Plan at retirement.

---

**Defined Benefit Plan - Simple and Easy**

- Work in benefit eligible position
- Become VESTED
- Reach retirement ELIGIBILITY

Receive a LIFETIME benefit
Know If You Are “Vested”

How much service do you have? To be “vested” means that you have acquired the minimum amount of credited service to be eligible for retirement benefits at some point in the future...once you meet the age and service requirements (see page 6). Generally speaking, the retirement laws in effect on the date you leave state employment determine your eligibility for a benefit and the provisions used to calculate your benefit.

Members must have at least 5 years of credited service to be vested.

If you leave state employment prior to becoming vested, you are not eligible for a future retirement benefit. As a “terminated-not vested” member, your service will be considered “forfeited.” If you later return to work for the state in a benefit eligible position, the forfeited service will be restored after completing one continuous year of membership in MPERS.

Any 2011 Tier member (vested or not) who takes a refund of employee contributions, forfeits his/her credited service. 2011 Tier members who take a refund of contributions will have an opportunity to buy back the forfeited service. After working continuously for at least one year in a benefit eligible position, your forfeited service will be restored after you pay back the refunded amount, plus interest. The pay back amount will be more than the refund you received.

Service Stops Accruing When You Leave

You earn one day of creditable service for each day you work for MoDOT or MSHP in a “benefit eligible” position. Once you leave state employment, you stop accruing service. Since your service is no longer accruing, chances are the date eligible for retirement and the estimated amount of your retirement benefit on previous benefit estimates are now incorrect. Contact a MPERS benefit specialist for a revised benefit estimate using your actual dates of service.

Benefit estimates assume you will continue working in a benefit eligible position, and making your current salary, until you are eligible for retirement. If you leave state employment prior to the retirement date shown on the estimate, your benefit estimate must be recalculated using the appropriate age and service eligibility requirements. Your eligibility for early and normal retirement is determined by applying your actual service on the date you leave state employment, without regard to whether or not you might have continued working until first eligible for normal retirement.

Benefit estimates are just that - estimates! At retirement, all service and salary information must be verified before a benefit can be paid.

Returning to Work for the State of Missouri

Another reason to know if you are vested is so you understand what happens to your service if you later decide to return to work for the state in a benefit eligible position. (The following assumes you left an MPERS-covered position and will return to work in an MPERS-covered position.)

Vested members returning to work for the state in a benefit eligible position will immediately start accruing service and it will be added to their prior MPERS service.

Non-vested members must work in a benefit eligible position for one continuous year to have their forfeited service restored.

Any 2011 Tier member who left state employment and took a refund of employee contributions, must work at least one continuous year in a benefit eligible position, and repay the refund (plus interest), before their forfeited service can be restored.

What is a...

“Benefit Eligible” Position

A position normally requiring the performance of duties, by a state employee, during not less than 1,040 hours per year (half-time or greater). Your employer determines if the “position” is considered benefit eligible.
1. What if I leave my current position under MPERS and return to work in a position covered by the Missouri State Employees Retirement System (MOSERS)? Can I transfer my MPERS service to MOSERS?

There is a “reciprocal service” provision that will allow you to transfer your MPERS service to MOSERS at no cost to you...and vice versa.

This type of service can be used to satisfy the vesting requirement and to determine the amount of your retirement benefit. Transferring service between MPERS and MOSERS is not automatic. If you are considering transferring service to MOSERS, you should contact MOSERS to initiate the transfer. Likewise, if you wish to transfer service from MOSERS to MPERS, please contact MPERS to begin the process.

2. What does it mean to “grow” into Rule of 80 (or 90 for 2011 Tier)? Can I “grow” into Rule of 80 (or 90)?

To become eligible for retirement under the Rule of 80, your age plus your service must equal 80 or more. For example, if you are 48 years old, you must have at least 32 years of service to be eligible for normal retirement (48 + 32 = 80). While you are employed, your service and age are increasing simultaneously. If you leave state employment, you stop accruing service; however, you continue to get older. To “grow” into Rule of 80 means only your age is increasing to reach eligibility.

**Closed Plan Members**
If you are a member of the Closed Plan, you can “grow” into Rule of 80 eligibility, even if you elect the Year 2000 Plan at retirement. For example, if you are 50 years old and have 25 years of service when you leave state employment, you are 5 years shy of attaining Rule of 80 (50 + 25 = 75). You “grow” into Rule of 80 as you get older, which means you will reach Rule of 80 at age 55.

**Year 2000 Plan Members and 2011 Tier Members**
A true Year 2000 Plan or 2011 Tier member cannot “grow” into the Rule of 80 (or 90) eligibility. To become eligible for normal retirement under the Rule of 80 (or 90), you must be accruing service and age simultaneously as an active employee.

In addition, Year 2000 Plan members can only take advantage of the rule of 80 (or 90) as an active employee. Once you leave state employment, your eligibility for the rule of 80 (or 90) ends.

3. How will my unused sick leave credit be affected by leaving state employment prior to retirement?

If eligible, you could receive one month of credited service for every 168 hours of unused sick leave reported to MPERS by your employer. Unused sick leave credit can increase the amount of your retirement benefit, but not your eligibility for retirement.

**Closed Plan Members**
To receive credit for your unused sick leave, you must be eligible for early or normal retirement when you leave state employment.

**Year 2000 Plan Members**
To receive credit for your unused sick leave, you must be vested when you leave state employment.

**2011 Tier Members**
To receive credit for your unused sick leave, you must retire directly from active employment.

4. What if I should die prior to retirement?

If you are vested and die prior to retirement, your spouse (to whom you are married on your date of death) or dependent children (under age 21) may be eligible for survivor benefits.

The monthly benefit for your surviving spouse will be based on the benefit you have accrued as of your date of death and calculated according to the Joint & 100% Survivor Option. Benefits continue throughout the lifetime of your spouse.

If there is no eligible surviving spouse, a total of 80% of your monthly base benefit, in equal shares, will be paid to your dependent children under age 21. If a child is under 18 years of age, benefits will be paid to the surviving parent as natural guardian of the child (if the parent has custody or assumes custody of the child), or to the legal guardian until the child is 18 years old.

**For 2011 Tier Members Only**
If you are a vested former member at the time of your death, your survivors will begin receiving their survivor benefits at the time of your normal retirement eligibility date.
When You Leave State Employment
Within 45 days of leaving state employment, vested members will receive correspondence from MPERS explaining:
• Which retirement plan you participate in.
• When you will be eligible for a retirement benefit. You will also receive a benefit estimate.

2011 Tier Member Only: You will receive correspondence from MPERS with information regarding how you may request a refund of your employee contributions.

Early Retirement Notification (if applicable)
Approximately 120 days prior to the date you are first eligible for early (reduced) retirement, MPERS will send you correspondence and benefit estimate. You are not required to retire early. You may wait until you are eligible for normal retirement to take action. See page 7 of this brochure for the date your retirement forms are due at MPERS (if you elect to retire early).

Normal Retirement Notification
Approximately 120 days prior to the date you are first eligible for normal retirement, MPERS will send you correspondence and a Notice of Retirement form (Step 1 of 2-Step Retirement Process). See page 7 of this brochure for the date your retirement forms are due at MPERS.

myMPERS Secure Member Access - 24/7
Information regarding your MPERS benefits is available online through myMPERS Secure Member Access.

1. Go to www.mpers.org
2. Click on the myMPERS Login graphic for Secure Member Access
3. Enter your Username and Password or Click on Enroll Now to set up your Username and Password

Online Capabilities
• View creditable service to date
• View account balance (2011 Tier members)
• View correspondence from MPERS
• View your annual benefit statements
• Run benefit estimates
• Gross-to-Net benefit modeling
• Download MPERS forms
• Submit your Notice of Retirement to MPERS
• Register for a Pre-Retirement Seminar
• Select how to receive correspondence from MPERS (email or mail)

2-Step Retirement Process

Step 1: Notice of Retirement
To start the retirement process, you must submit a completed Notice of Retirement form to MPERS. This form provides MPERS with your intended date of retirement and your spouse’s date of birth (if married). MPERS will use this information to generate the appropriate benefit estimate(s) and individualized Retirement Election Form.

Step 2: Retirement Election Form
MPERS will send you an individualized Retirement Election Form and benefit estimate(s) in the mail. The election form will show all retirement options for which you are eligible. The benefit estimate(s) will provide the information needed to make informed decisions. Generally speaking, elections made at retirement cannot be changed after your first benefit payment is sent. We encourage you to meet with a MPERS benefit specialist prior to making your retirement elections.

Date Forms are Due at MPERS
Based on your intended date of retirement, the notification and election form must be received at MPERS by the dates listed on the chart below. Submitting either form after the deadline could: 1) delay your retirement date, 2) delay your benefit payment, and 3) affect your medical and life insurance coverage.

Important Notice
MPERS sends a report to MoDOT and MSHP each month listing those who have submitted their Notice of Retirement or Retirement Election Form.
Work-Related Felonies

Members who are convicted of a work-related felony on or after August 28, 2014 will not be eligible to receive a retirement benefit. Finding of guilt for any of the following offenses or a substantially similar offense provided under federal law will result in the ineligibility for retirement benefits:

- Felony of stealing under Section 570.030
- Felony of receiving stolen property under Section 570.080
- Forgery under Section 570.090
- Counterfeiting under Section 570.103
- Bribery of a public servant under Section 576.010
- Acceding to corruption under Section 576.020

However, if you were vested prior to August 28, 2014, you will be eligible for a monthly benefit based on the service accrued prior to August 28, 2014.

Contact Information for Other State-Sponsored Benefits

If you have questions regarding how your other state-sponsored benefits might be affected by leaving state employment prior to retirement, please contact the appropriate benefit provider.
